Wrestling Federation of the Republic of North Macedonia

Dear President, dear Madam/Sirs,

We refer to several letters received by UWW about some alleged irregularities committed by the Wrestling Federation of the Republic of North Macedonia which are deemed as having caused prejudice to the clubs listed as recipients of this letter. As a preliminary remark on these clubs, we have noticed that two of the three protesting clubs have the same signatory or responsible person.

According to our records, the Wrestling Federation of the Republic of North Macedonia is in good standing with UWW and regularly enters athletes in UWW international events.

Over the last years, this Federation has applied for UWW technical assistance and development programs as well as for Olympic Solidarity grants for the development of the sport in the Republic of North Macedonia in collaboration with the National Olympic Committee and UWW.

As per UWW rules and policy, the international federation cannot, and does not interfere in the matters of its member national federations. Should any violation to national laws be witnessed or any internal dispute require arbitration, it is for the national authorities concerned to intervene therein.

Based on the above, UWW has no grounds for initiating any action against the Wrestling Federation of Republic of North Macedonia. However, this federation is encouraged to undertake a review of its statutes to ensure they are compliant with the UWW Constitution.

We thank you for your attention to this matter and remain

Yours Sincerely,

Michel Dusson
Secretary General
